

## State Senator's Report

Dear Residents of Arundel,

Thank you for giving me an opportunity to serve the town of Arundel in the 127<sup>th</sup> Maine State Senate. It is an honor to be representing you in the Senate, and I hope to work with you to address your concerns through my position here in Augusta.

This session, the legislative chambers are divided for the first time in two decades, with Republicans in control of the Senate and Democrats controlling the House. In light of the many challenges that our state faces, my colleagues and I in the State House must work closely together over the next two years to ensure the prosperity of our state. While we may not see eye-to-eye on every issue, we have a unique opportunity to learn from one another and compromise for the good of the state.

This year, I am pleased to serve once again on the Inland Fisheries and Wildlife Committee, where we are charged with the protection and regulation of Maine's natural resources and bountiful wildlife. The beautiful Maine woods and waters are crucial to our way of life and the Inland Fisheries and Wildlife Committee offers me a chance to serve Mainers through the conservation of our natural resources.

As always, I welcome your opinion and feedback as the Maine Legislature does its work. Please feel free to reach out to me with your questions, concerns, and ideas. You may reach me at home at (207) 229-6587, in Augusta at (207) 287-1515, and by email at [ddutrem1@gmail.com](mailto:ddutrem1@gmail.com).

I am honored and grateful for the opportunity to serve you!

Sincerely,  
Senator David Dutremble  
District 32
