## Street Design and Construction Standards- July 30, 2018

People Present: Tom Danylik, Tad Redway, Rich Ganong, Roger Taschereau, Terry Merrill, Phil Labbe, Velma Hayes, Keith Trefethen, Dan Dubois, Mark Welch, Jason Nedeau, Chip Bassett

Meeting began @ 7:02PM

The Town Planner provided a combined Street Design and Construction Standards Ordinance Version 3.4 which was used to review the final materials.

The following changes were agreed to by the group.

- The Group decided that **Section 2.7 Construction Surety** was not necessary.
- **Section 2.6 (2) Private Way Certification** could be modified to eliminate the Construction Surety.
- **Section 2.4 (2) Approval Criteria** the word "make" needed to be added. The remaining Criteria 1-6 was okay and can be used in a decision under findings of facts.
- **Section 3.0 page 16** will need to be reviewed again.
- **Section 1.3 Staff Review Committee** instead of assigns should read designees.
- **Section 1.3 on Public Street/Private Way** needs to have definition cleaned up and worked upon.
- **The group also seemed to expand** its directive by reviewing Table A Page #5 as it relates to Minor Streets.
- 

Next meeting will be held August 20, 2018 to continue work on the Ordinance and all members of the group are encouraged to have ideas.

Meeting concluded @ 8:35PM
