Street Design and Construction Standards- August 20, 2018

People Present: Tom Danylik, Tad Redway, Rich Ganong, Roger Taschereau, Terry Merrill, Phil Labbe, Keith Trefethen, Mark Welch, Chip Bassett, Don Holbrook, Doug Holbrook.

Meeting began @ 7:00PM

The Town Planner provided a combined Street Design and Construction Standards Ordinance Version 3.5 which was used to review the final materials.

In addition a memo from the Town Planner to the Town Manager was shared with the group and became the reference to discussion with regard to Minor Roads and Private Ways

The following changes were agreed to by the group.

- The Group decided that the Private Way definition needs to be shortened and that it will be capped at 10 lots.
- Page #5 **Table A Minimum angle at street intersection 75 degrees all types of streets.**
- Page #5 **Item H Centerline reference removed.**
- Page #5 Table A Industrial/Commercial Tad will review and return with some information prior to complete review of Descriptions.
- Page #12 & #13 Table 2.2 will be **10 Lots or less of Dwelling Units.**
- All members should have reviewed the entire 3.5 version and be prepared to comment on all facets of the document with proposed changes if needed.

Next meeting will be held September 11, 2018 to continue work on the Ordinance and all members of the group are encouraged to have ideas.

Meeting concluded @ 8:20PM
